

Focus Incentives Now Available for LED Mogul Base Lamps

LED mogul base retrofit lamps have been available for some time now. Like other LED products, the quality and performance at first was questionable plus they were not eligible for Focus on Energy Incentives. However, like other LED products, the quality and performance has improved and pricing has dropped, making them a viable retrofit option vs. complete fixture replacement. In addition, Focus on Energy has made mogul base LED lamp incentives available for a variety of applications:

EXTERIOR MOGUL SCREW-BASE (E39) LIGHT EMITTING DIODE (LED) LAMP
