

Utility Bill Information-Approved Public Service Commission rules and rates are available at City Hall

Due Date	Your bill is due and payable by the date due on the bill. A 1% late payment charge will be Applied to any unpaid balance after the due date. \$35.00 NSF Charge.	
Meter Read Code	CE – Computer Estimate RR - Meter Re-Read	MR - Meter Read ME - Manual Estimate
Estimated Readings	When a meter is unable to be read, an estimated reading is used based on previous usage. Adjustments if necessary are made on the next billing when the meter is read.	
Demand	Demand is the peak rate which electric energy is used for any period of 15 consecutive minutes.	
Power Cost Adjustment	The adjustment reflects the variance in the cost of purchased power from the amount included for these costs in our basic electric rate.	
Meter Multiplier	On some types of meters, a multiplier is used to convert the meter readings to your total energy use.	
kWh	Kilowatt-Hour. This is the unit of measure of your electric use. One 100 watt light burning for 10 hours will consume 1 kWh.	
Customer Charge	The monthly charge covers the cost to maintain our meters, pipes, and lines.
